# LEADERSHIP IN TURBULENT TIMES

TUESDAY, MARCH 3<sup>RD</sup> | 2:30 P.M. | MOSS ARTS CENTER

*Light refreshments will follow the event.*

## DORIS KEARNS GOODWIN

*Presidential Historian and Pulitzer Prize-winning author*

## HUGH AND ETHEL KELLY LECTURE SERIES

A fund from the Hugh and Ethel Kelly Gift allowed the Institute for Critical Technology and Applied Science and the College of Engineering to establish this distinguished speaker series in 2013.

Hugh Kelly was a double alumnus of Virginia Tech and an engineer at AT&T's Bell Labs. Ethel Kelly generously supported Virginia Tech's College of Engineering as a way of honoring her husband's legacy.

The series celebrates the Kellys' love for Virginia Tech by providing an opportunity for students, faculty, and the community to interact with visionary leaders. The lectures are a dynamic forum for new knowledge and a catalyst for future research.
